1. It would be appreciated if you would advise this station if you have facilities for extending the tourist cards of KUBARK personnel in HTPLOME.

2. Mr. John F. Middlecott, Saranton instructor, on 2 May transited the KUBARK area en route to KMFUSH with instructions to leave his HTPLOME tourist card with the security officer at FJHDPPEUL. Mr. Middlecott's estimated length of stay in KMFUSH will be approximately 45 days minimum at which time it is contemplated he will return to PERPINE via black flight to FJHDPPEUL and regular exit from HTPLOME, should the above extension be possible.
